

MOHAMMAD AMIR BIN IBRAHIM

Petaling Jaya, Selangor | +60 13-3355941 | amir.code120@gmail.com | linkedin.com/in/mohdamir210

Computer Science graduate with **over two years of hands-on experience** in **full stack web development**, now a **Web Developer at Heyjom Sdn Bhd**. Skilled in building responsive, maintainable frontend applications with **Next.js, React, and TypeScript**, backed by practical experience developing **Laravel** and **Node.js** (Express, Hono) backend systems and **RESTful APIs**. Experienced with modern tooling such as Tailwind CSS, AuthJS, Zustand, Zod, and TanStack Query. Actively **self-hosting** a personal **homelab** on Linux with Nginx, Cloudflare Tunnel, and Tailscale, while exploring **self-hosted AI**.

WORK EXPERIENCE

Heyjom Sdn Bhd

Petaling Jaya, Selangor

Web Developer

Jan 2026 – Present

- Build and maintain **multi-tenant** marketing web applications with **Next.js, React, and TypeScript**, delivering reusable, configurable UI across multiple branded campaign sites serving **800K+ active users** in 2026.
- Implement authentication, state management, and data fetching with **AuthJS, Zustand, Zod, and TanStack Query**, collaborating with cross-functional design, QA, and backend teams under **Agile/SDLC** workflows that supported **+224% year-over-year user growth** and a **57% engagement rate**.

RF Laiyon Interactive Sdn Bhd

Cyberjaya, Selangor

Web Developer

Jan 2024 – Jul 2025

- Developed and maintained full stack features using a **Next.js** frontend, contributing to the Laravel backend and integrating RESTful APIs to ensure seamless data flow between services.
- Participated in planning meetings, sprint reviews, and code reviews while collaborating with cross-functional teams across design, QA, and backend engineering.
- Focused primarily on **Next.js**, building responsive web apps with reusable, improved UI components.
- Made functional backend contributions in Laravel, including bug fixes and logic adjustments.

EDUCATION

Universiti Teknologi MARA (UiTM) Kuala Terengganu

Kuala Terengganu, Terengganu

Bachelor of Computer Science (Hons.) — CGPA: 3.26, Specialization: Big Data Analytics

Oct 2021 – Feb 2024

Universiti Teknologi MARA (UiTM) Sarawak Kampus Samarahan 2

Kota Samarahan, Sarawak

Diploma of Computer Science — CGPA: 3.55

Jun 2018 – Feb 2021

PROJECT EXPERIENCE

Heyjom — Sports & Fitness Registration Web Platform (heyjom.com)

Petaling Jaya, Selangor

Web Developer

Jan 2026 – Present

- Architected configurable **white-label Next.js applications** under a feature-based structure, enabling rapid rollout of multiple branded campaign sites from a single shared codebase.
- Designed reusable, tenant-aware UI and routing patterns that improved scalability and maintainability across the platform.

Confidential Government Project (RF Laiyon Interactive)

Cyberjaya, Selangor

Web Development with API Integration

Jan 2024 – Jul 2025

- Led the initialization and front-end architecture setup of a secure government web application, establishing the framework foundation and component structure.
- Coordinated with backend developers and stakeholders to deliver an integrated full-stack solution, providing technical guidance to co-developers.

In-House Product (pcari.my & Pcari Admin Dashboard) (RF Laiyon Interactive)

Cyberjaya, Selangor

Web Developer

Jan 2024 – Jul 2025

- Implemented core web features with **Next.js and TypeScript**, enhancing web performance and responsiveness.
- Collaborated closely with UI/UX designers and backend engineers to ensure a seamless user experience.
